## MILAM TB SURVEY COMPLETED TUES.

## THREE ALDERMEN ELECTED HERE

### 742 Votes Cast In Tuesday's Election

Cameron voters turned out in good number Tuesday, April 3 to elect three members on the Board of Aldermen with a total of 742 votes, according to W. H. Stafford, City Secretary.

O. B. Harden and Robert Weems seeking their first term as members of the City Council were in first and third position respectively. With Johnny Andres, veteran of the board taking the No. 2 count.

Milton Schiller who has served on the council for the past two years missed re-election by only 20 votes which is a good indication that citizens realize his ability as an alderman during his current term as a member of the council.

Bob Terry also a veteran of the board placed fifth with Gene Blake who was also seeking his first term on the council, and August Horstmann in sixth and seventh places respectively.

The following are the candidates and the number of votes they received: Mr. Harden, 401; Mr. Andres 370; Mr. Weems, 297; Mr. Schiller, 277; Mr. Terry, 260; Mr. Blake, 252 and Mr. Horstmann 195.

With seven candidates seeking election for positions on the board of aldermen is a good indication that people of the city are becoming more interested in the affairs of their city government.

It is hoped that cooperation will be in order among members of the council and the Mayor, and progress of the town will be stepped up with members of the council putting forth every possible effort to further its progressive movements and undertakings. There will be considerable anticipation in regard to the new members of the council to determine if they will promote or obstruct in the development of the city or in anything beneficial to its progress.

The Aldermen will officially take office the 17th of April and with the purchase of the right-of-way underway, the new officers will be given a chance to inactivate their ability on problems brought before the council.

### 1,148 TB X-Rays Made At Rockdale

A total of 1,148 persons received free X-Rays Friday and Saturday, March 23 and 24 at the Rockdale Motor Co. in connection with the Present TB X-Ray Unit Survey in the county, it was disclosed by Hinton Pruett, county chairman of the survey.

The Unit will be in Thorndale on Tuesday and Wednesday, March 27 and 28 and people in that area are urged to make TB tests of X-Rays as this survey is very important to the county.

Mr. Pruett said that the State Health Department has promised if 5,000 X-Rays are taken in this county this year, in the present survey, a permanent unit will be set up in the county and he urges every citizen above the age of 15 to have X-Rays made in order that Milam County may get this permanent unit.

The cooperation that has been given is greatly appreciated, Mr. Pruett said.

The Unit will be in Cameron Friday and Saturday, March 30 and 31 and Monday and Tuesday April 2 and 3 and approximately 3,500 X-Ray tests will be needed in order to secure the permanent establishment of the unit in Milam County. The cooperation of all citizens to participate in this survey will be necessary. Have an X-Ray made and help yourself and at the same time help your county.

## LOCAL SCOUTS WILL ATTEND CIRCUS

### J. B. WHITE, EDITOR AND PUBLISHER BURIED IN NIXON, TEXAS, APRIL 2

J. B. White, editor, publisher and owner of the Cameron Herald and the Daily Midget, died shortly after noon Saturday, March 31, 1951 at the Newton Memorial Hospital in Cameron.

Mr. White had been in declining health for fifteen months prior to his death and during his illness his many friends were deeply concerned over his condition. The News came to a shocked City Saturday but his condition was known to be serious during recent days.

Mr. White, a native of Texas, was born in Karnes County December 20, 1892, son of the late William and Josephine White who were pioneer residents of the southwest. While he was a small child his parents moved to Nixon in Gonzales County where he was reared in the romantic atmosphere of the range country, which he so dearly loved. He often visited in that section of the state until recent months.

He entered the Newspaper work at the age of 14 and was first employed at the Nixon News which he later purchased in 1910. It was at this plant that he received all of his early training for such a remarkable career and profession. He became editor of the Nixon News at the age of 18 and in 1917 he leased the plant to volunteer for service in the Army in World War I.

Shortly after his service in the army, he became a member on the editorial staff of the San Antonio Express. A few months prior to moving to Cameron he was City Editor of the San Antonio Express. He has served through many staff assignments for the Express and has written widely for newspapers and periodicals. Mr. White represented the Express at Austin during the legislature for two terms. During this part of his career he was chosen to accompany President Harding on a tour of the Southwest and Old Mexico.

Mr. White came to Cameron in 1919 and purchased the Cameron Herald in the early 20's. The Herald, established in 1860 is one of the oldest newspapers in Central Texas. During the past thirty years Mr. White became known as one of the outstanding editors and publishers in the entire state of Texas. He will long be remembered for his outstanding ability, determined character and a man of high distinction that was held high in the esteem of all men.

He knew his business well and was a man with exceptional information, an incessant reader, and was an inspiration to his fellows when he talked. Men of his nature have made Texas a great state and the years to come will do them justice for when the history of their period is written, generations to come will honor them for their work and the example they have set, so that others may likewise serve well their day and generations.

Mr. White was Mayor of Cameron for two years and served four years as a member of the Board of Aldermen. His administration was characterized by a large number of major public improvements. He served as chairman of the Milam County Democratic Executive Committee for approximately 16 years and was named chairman of the Milam County Board of Welfare and Employment during the administration of Governor Jim Ferguson. This organization was authorized by the National Recovery Administration in Washington. Possessing extra ordinary intellectual qualities and a keen understanding of State and world affairs, he was in

reality widely known for his unique observations and understanding of all problems of the present day. He read much therefore he knew much and friends in all walks of life who had found inspiration in his viewpoints will remember him as moulder of thought.

In all his active life he cherished the traditions that sprang from the soil and was a great lover of flowers and nature. He was a leader in his field and always backed and promoted everything that was progressive for the city of Cameron. He was never known to shirk a duty or responsibility. His courage in the battle of life and his firm convictions were evident that he was a man of noble character. The steadfastness he manifested in everything he undertook shown like the brightness of the Morning Star. His radiant and jovial personality was appreciated by those who knew him best and his influence in the progress and development of Milam County will be remembered by future generations.

He supported every worthwhile cause that was brought before the people and the facts he so firmly expressed in his editorials over the span of years will linger in the memory of those who agreed or disagreed with his convictions on any subject. He had a progressive mind and his emphatic determination was respected by all who knew him. Few men will go down in history as did this faithful servant of his country, state and community.

Mr. White was a charter member of the Cameron Rotary Club and a former president, a member of the First Presbyterian Church and the Knights of Pythias.

The tribute paid him was a true expression that he was well loved and respected by his fellow men and his life has been outstanding and influential in the pages of the history of this county.

Surviving are his widow, Mrs. J. B. White, two sons; Thomas Jefferson White of Los Alamos, New Mexico and Joe Bill White of Houston, and one daughter, Mrs. H. H. Haase of New York, New Jersey. One brother, William Howard White of San Antonio, and one sister, Mrs. Royce Bomar of Three Rivers, Texas. Six grandchildren, Jeffrey Allan White, Phillip Milam White, Mark Thomas White, Robert Henry Haase, Laurel Ann White and Joel Perry White also survive. He had one nephew, Royce Bomar Jr., of Kingsville, Texas, and many other relatives.

Funeral services were held at the First Presbyterian Church Monday, April 2 at 10 A. M. with Dr. W. R. Hall, minister Fairfield Presbyterian Church and Rev. John Solomon, minister First Presbyterian Church, Cameron, officiating. Marek-Burns Funeral Home directed the arrangements.

Final rites were held at the Menenga Funeral Home in Nixon by Rev. Gibson, Pastor First Baptist Church in Nixon. Burial was made in the Nixon cemetery.

Active Pallbearers were; Buck Bonds, Emory B. Camp, Raleigh Lamb, Bobby Reese, all of Cameron, E. B. Heyer and Cecil Criswell both of Buckholts, Reed Rogers of Corpus Christi, and Senator Kyle Vick of Waco. Those who served in Nixon were; Victor Lyle, Dr. Elder, Dick Hewell, and Tom Pollard.

### Miss Peggy Thomas Will Be Guest Speaker At Local Church Sunday

Miss Peggy Thomas, president of the International Youth Fellowship will speak at the evening services at the First Christian Church in Cameron Sunday April 8th at 7:30.

Miss Thomas has made extensive tours over the entire United States and Canada since last August speaking at various churches and also to Young People's Groups. She has lectured in a number of the larger cities of the nation and is well known for her interest and active work in the CYF.

She is a senior student at Texas Christian University at Fort Worth. Miss Thomas will be honored with a reception in the basement of the local Christian Church prior to the service on Sunday evening. The Young People's Department at the church will be in charge of the service and the public has a cordial invitation to attend. Her home is in Wichita Falls. The membership is looking forward in having Miss Thomas as their guest speaker.

Rev. Tommie Bouchard recently accepted a call to the church here and began his duties with the church the first of March. Organization among the Young People's Department has progressed very much since he took over the pastorate a few weeks ago. The church is planning an extensive program for the coming year.

### Important Bills Before Legislature

The Legislature is considering a bill concerning Congressional redistricting, according to representative Lynn Shaw, of District 96.

If the proposed bill passes, this county will be in the 6th Congressional district composed of the following counties: Milam, Lampasas, McLennan, Bell, Coryell, Limestone, Falls, Robertson and Leon. The districts over the state will, on the average, have some 318,000 population.

The move to cut rural road construction has again been defeated since the Graham Bill, H. B. 226 has been re-referred for further study. From observation it would seem that the bill has been successfully stymied for this session of the Legislature.

The house has appointed a crime investigating committee for on-the-spot hearing in cities where organized crime is suspected. The committee is asking private citizens to furnish information relating to such activity.

A bill facing debate on its merits is the drivers financial responsibility bill. This bill would make the owner and driver of a car involved in an accident subject to suspension of license and car registration if he could not meet damages up to \$15,000. The owner and driver would have to show ability to pay \$5,000 for injury or death of one person; \$10,000 (Turn To Page Ten)

### Event Scheduled April 27 at Waco

More than 4,000 boys and Scout leaders from over 100 Troops and Cub Packs in the nine counties comprising the Heart O'Texas Council will participate in what is certain to be the biggest Boys production ever staged in Central Texas, says A. P. Rowland, President.

The Boy Scout Circus, scheduled for April 27, in the Municipal Stadium in Waco, will draw Scouters from Bell, Bosque, Coryell, Falls, Hamilton, Freestone, Limestone, McLennan and Milam Counties, all of whom have been working for more than a month on a series of 11 events demanding the ultimate in timing and co-ordination. Among the entries are Troop 54, sponsored by Stuart Perkins, the Cameron Rotary Club, Scoutmaster, and troop 83, sponsored by the Methodist Church. George Bowman is scoutmaster.

The circus will be entirely unhearsed as a whole. Its smooth performance will depend on each Unit's being where it is supposed to be on the field and doing its assigned task in a polished style. That's where teamwork, one of the tenets of Scouting, comes in. To work out the move- (Turn To Page Ten)

Guest Speaker

Dr. W. J. Kilgore will be the speaker at the Milam County Association Brotherhood meeting at the Battetown Baptist church Monday night, April 9 at 7:30 P. M.

Dr. Kilgore is a former missionary of Argentina. He was a professor at the Baptist Seminary in Buenos Aires for five years, and is now a professor of Philosophy at Baylor University.

### Sam Hohenstein Buried In Oklahoma

Sam J. Hohenstein, 74, well known geologist of Cameron died Monday night around 10:30, April 2, 1951.

Mr. Hohenstein had been ill for the past several weeks but his condition had improved within recent days. He was stricken ill again late Monday afternoon and his condition became serious a few hours later and was taken to the Newton Memorial Hospital and was pronounced dead upon arrival by Dr. David Shapiro attending physician.

He was a native of Coody's Bluff, Oklahoma, born in 1877 and grew up in the Indian Territory in that state. His mother was a member of the Cherokee Tribe who died when Mr. Hohenstein was two years old. He was reared by an aunt and worked on a number of different ranches in Oklahoma during his boyhood days and often told of experiences of the cat-

### A Total of 4,876 Taken In County

A total of 4,876 TB X-Rays were taken in Milam County in the recent survey according to Hinton Pruett, County Chairman.

Mr. Pruett said this was the largest number of X-Rays taken in any one year since X-Ray surveys began several years ago.

Of this number 2,994 were taken in the City of Cameron which is a good indication that people realize the seriousness of this disease. In Rockdale, 1,148 were taken and in Thorndale 734. The figure this year is 206 more than were taken last year.

Mr. Pruett said that the unit was in Rockdale in Good Friday and the Saturday following and that neither the High School nor the G. I. School students had tests made and there was a great possibility that the county would have gone over the 5000 mark, if these students would have had X-Rays made. The unit was also broken down for 2 hours on Monday April 2, in Cameron and around 75 persons were turned away during that short period of time. This is a remarkable showing for the county, Mr. Pruett said and the unit will be brought back again next year.

Tuberculosis is still the No. 1 menace to public health and is the No. 1 Killer in the productive age from 20 to 40 years of age. Statisticians, along with many noted doctors and specialists have proved these facts and is very essential that everyone should have an X-Ray made each year so that a complete check or survey can be made of each county in the state and through this means only can this disease be checked and eliminated.

Mr. Pruett along with the different committees and workers over the entire county who have so willingly and faithfully offered their service to help make the recent survey a success are due considerable credit for their efforts. Cooperation has been splendid, Mr. Pruett said and wishes to express his thanks for those who assisted in the survey in any way.

### Former Citizen Here Dies In Lubbock

Jesse Kilpatrick, 65, of Lubbock died at his home Monday, March 26, following an extended illness.

Mr. Kilpatrick is formerly of Cameron and has many friends here who regret to learn of his death. He has been an active member of the Baptist church since childhood.

Survivors are his widow, Mrs. Jesse Kilpatrick, two daughters, Mrs. C. W. Reynold and Mrs. Kenneth Drake of Lubbock; two sons, Billy Kilpatrick of Lubbock, Allen Kilpatrick of Odessa; three brothers, Marshal of Olney, Clarence Kilpatrick of Los Angeles and Rev. Lester Kilpatrick of St. Louis, Missouri; one sister, Mrs. H. C. Tindall of Cameron. Four grandchildren survive.

Funeral services were held at the Baptist church in Lubbock at 10:30 a. m. Wednesday, March 28.

the rustling days in Oklahoma to his many friends in Milam County.

Mr. Hohenstein was a cousin of the late Will Rogers and drove a mail stagecoach during the early pioneer days.

Mr. Hohenstein was married to Grace Childress in 1901 and to this union was born two children, one son, Lyle Hohenstein of Shawnee, Oklahoma and Mrs. E. H. Prue of San Antonio. He came to Cameron in 1920 where he drilled the first oil well in Milam County in the Minerva Community and has been instrumental in the drilling of a number of others in recent years. He later returned to Oklahoma for several years and moved back to Cameron in 1936 and has been a resident of the city since that time.

Funeral services were held at the Chapel of the Marek-Burns Funeral Tuesday, April 3, with Dr. Mark Magers, officiating. The body was taken to Chelsea, Oklahoma for interment where graveside services were held.

Surviving are his widow Mrs. Grace (Turn To Page Ten)

## Milam County Youths Make Fine Showing At Livestock Show

L. R. Thompson, Agriculture teacher at Cameron high school was very well pleased with entries made by his boys at the Milam County Livestock Show held in Rockdale, March 23 and 24.

Leon Koenig of Clarkson was proud of his registered dairy heifer that won second place in the first class dairy heifer show.

The heifer was sponsored by J. B. White, publisher of the Cameron Herald and The Daily Midget.

Another heifer placed in the show by Leroy Franklin of Buckholts won first place in the second class heifers. This calf was sponsored by the Ideal Hatchery. Bobby Bickett of Route 3, Cameron won second place in class three of jersey heifers and his calf was sponsored by Texas Power and Light Co.

Raymond Stoeber of Cameron showed a heifer in a class of older heifers and placed 4th. The heifer was sponsored by Burkes-Howard Co.

## Committee Meeting Is Arranged With Telephone Officials

C. L. Carson, Manager, Southwestern Bell Telephone Company was in Cameron Thursday to arrange a meeting with the Milam County Committee on the telephone construction, Valtor White has announced.

The Committee will meet with telephone officials at 7:30 P. M. Monday April 2 at the court house to discuss the situation. Mr. White said that the telephone company has approved construction of telephones in this area and the purpose of the meeting is to discuss details.

## Former Milam County Man Dies In Temple

Fred J. Matula, 66, died at his home in Temple from a heart attack. He died at 6:15 P. M., March 29.

Funeral services will be held at 9:00 A. M. Saturday March 31 at St. Monica's Catholic Church. Burial will be in St. Monica's Cemetery with Marek-Burns making the arrangements.

Mr. Matula was born in the Marak community in 1885, where he resided until he moved to Temple to make his home.

Among his survivors are two sons; Ted Matula of Cameron and Ludwig Matula of Gause; one daughter, Mrs. Lorene Boock of Temple, and two brothers, Felix Matula and Joseph Matula, both of Cameron.

Alice Mraz has accepted a position as cashier for the Matula Cash Grocery. Mrs. Mraz is well experienced in cashier work and invites all her friends to visit her with the Matula Grocery.

## Percentage Markup System To Be Used

WASHINGTON, — A new "percentage markup" system of food price controls was ordered by the government Wednesday night and officials predicted it will bring more price reductions than increases.

The Office of Price Stabilization issued three regulations applying to about 560,000 retail food stores—independents and chains—and about 10,000 food wholesalers.

The orders affect about 60 per cent of the food on shelves of grocers and about \$20,000,000,000 of the business they do each year.

The new pricing method fixes specified percentages which food sellers can add to what they pay for food items. The system must be put into effect between April 5 and April 30. After the April 30 deadline, grocers must recalculate their prices every Monday, based on their newest cost of food deliveries.

Housewives should not look for big general reductions. Some price changes will be upward and the changes up or down will vary with stores and with localities across the nation.

Among major foods covered in the new regulation are:

Butter and package cheese at retail only; baby foods, cocoa, breakfast cereals, coffee and tea, flour, flour mixes, canned and frozen fruits and vegetables, jams and jellies, lard, mayonnaise and salad dressings, shortennings, canned meats and canned fish.

Major grocery items not covered by the new orders are fresh milk and cream, bread, fresh fruits and vegetables, sugar, ice cream, soft drinks, candy and fresh meats.

Fresh meats, as well as some other items not now covered by the new orders, will be dealt with in separate orders being worked out by OPS.

Milam County Home Demonstration Agent, Mrs. Bertie Alford, was among the Home Agents who attended the upholstery Training School held in Bryan March 29 and 30. This type of training will be given here for leaders later in the year.

Gay Hill Home Demonstration club meeting was rained out last week.

The Walkers Creek Home Demonstration Club met in the Walkers Creek School building with eight ladies present.

Probably you are having difficulty in serving as much meat in the family meals as you would like. Try using some of the lower cuts and parts for a change. Try this:

STUFFED HEART

Select 1 beef heart or 2 or 3 calf hearts. Wash and slit the heart, remove gristle and blood vessels. For the stuffing, chop an onion and 1/2 to 3/4 cup of celery and cook in 2 tablespoons of fat, add 2 to 3 cups soft bread crumbs and season to taste with salt and pepper. Thyme goes well with heart—add a pinch to the stuffing.

Fill heart with th estuffing and sew up slit. Brown on all sides in fat; place in a baking dish or casserole; add 1/2 cup water, cover closely and cook until tender in a very moderate

oven (about 300 degrees F.) A beef heart will require about 4 hours. A calf or hog heart will cook in about 1 1/2 hours. Make gravy of the drippings.

**New Chinese Hordes  
Moving To Front**

(From The Daily)

TOKYO, March 30—Red China is backing her bellicose attitude with action by pouring men into Korea faster than superior United Nations firepower can kill them.

This information was given by intelligence authorities who anticipate a powerful Chinese counteroffensive in Korea by May 1.

A study of air reports over the past several weeks show a heavy and continued Chinese effort to build up strength at the front.

Despite the terrible punishment inflicted from the air, the Chinese have run the gantlet every night with both trucks and trains. Nightly sightings have ranged from 500 to 1,500 vehicles on the highways and one night 17 long trains were sighted moving on the rails.

Lt. Gen. Matthew B. Ridgway has always been acutely aware of the threat of counterblows from the numerically superior Chinese armies and therefore has kept his 8th Army well buttoned up during the entire offensive that began Jan. 25 and is continuing.

Ridgway is moving his forces forward cautiously and deliberately, on a co-ordinated line, ready at all times to shift from the offensive to the defensive.

General MacArthur, too, has publicly made it clear he believes the Chinese have the potential strength to attempt a counterattack.

On March 7 he declared that if the conditions of battle remain unchanged, and the "abnormal military inhibitions" remain in force to tie his hands, a theoretical stalemate is inevitable in Korea.

**Track Activity To  
Be Held Saturday**

(From The Daily)

An invitational track tournament will be held at the Yoe High School Field on Saturday, March 31, it was announced by Coach Paul Smith.

This is the sixteenth invitational tournament that has been held at the Yoe High School, Mr. Smith said and he is expecting around 30 schools to enter the event.

Preliminaries will get underway at 10:30 in the morning and finals will be under the lights at night beginning at 7:30.

In the morning session preliminaries in pole vaulting, discus, high jump, shotput, and broad jump will be held with finals in broad jump and discus also being held. Other preliminaries will include 120 High Hurdles, 100 yard dash and low hurdle.

Field events and running events to be held at the same time that night include Pole vaulting, shot put, and high jump as field events and 120 high hurdle, 880 yard dash, 220 dash, 440 yard relay, 100 yard dash, 200 low hurdle, 1 mile run, 1 mile relay as running events.

The Yoemen have been training for several weeks for the invitational and the district meets and have had some thorough workouts. The majority of the team looks good and much excitement is being anticipated at the tournament as they always create a certain amount of interest among citizens here who like track meet activities.

Mr. and Mrs. C. A. Lamb of Austin visited in the home of their son, Mr. and Mrs. Raleigh Lamb and daughter, Carol Ann over the week end.

**Men Released Must  
Register With Board**

Every time a man is released from an ybranch of the Armed Forces, the local board having jurisdiction over that area given by him as his home address, receives a notice of separation. Upon checking the notices of separations against the registration cards in the local board office it is found, in many instances, that men required to register have not done so.

All men born since August 30, 1922 are required by law, to submit themselves for registration. Their availability for service is determined by the local board based on previous service, national guard or reserve status, etc. However, this information is obtained by the local board only after registration has been completed. Therefore, it is necessary for all men, whether they have had previous service or not or whether or not they are members of a reserve component, to register with their local

**Mother of Two

**HADACOL Supplies Deficient Systems With Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron**

Mrs. Elmer Hisel, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hisel wasn't feeling as her mother knew she should do something about it. Mrs. Hisel gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. It helped her so much that now Mrs. Hisel gives HADACOL to both of her children.

Here is what Mrs. Hisel says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

**HADACOL Is So Effective**

An important thing about HADACOL is that you get Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

All men born since August 30, 1922 are required to present themselves for registration within five days after being discharged from the Armed Forces, provided they have not done so since 1948.

All men who were in the service at the time of registration in 1948 and who have since been released, are urged to report to the Local Board office at once for registration, if they have not already done so.

**You'll have oil!**

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended.

Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country.

In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about

a half-million barrels daily. It was produced at once. Cars and trucks continued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel.

Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary.

But the oil is here; it's available. You'll have oil.

### Barbara Ann Jenness Is Bride Of E. J. Hetcher

Miss Barbara Ann Jenness became the bride of Emory J. Fletcher in a ceremony performed at the home of the bride's aunt, Mr. and Mrs. Hayden Lawrence at East 19th street on Easter Sunday.

The bride is the daughter of Vaughn Jenness and Mrs. LaVada Denson of Cameron. The groom is the son of Mr. and Mrs. E. J. Fletcher of Minerva.

A lovely background was arranged at the fireplace in the living room where a spreading bouquet of Easter lilies and white stock was used on the mantle with standard baskets at each side holding the same flowers. Hidden lights shed a soft gleam over the scene. On the piano was a bowl of lilies and stock.

Max McClaren, at the piano rendered a prelude of sweet wedding music. He played accompaniment for Miss Shirley Horstmann's vocal solo, "Because," and also the wedding march, and softly played "I Love You Truly," during the ceremony. Rev. Tommy Bouchard, pastor, First Christian Church, performed the double ring ceremony.

The bride, given in marriage by her father wore a wedding gown of chantilly lace over taffeta made ballerina length and styled with long sleeved bolera jacket and full gathered skirt. She wore a hat of matching lace and little nylon mittens. The bride carried a bridal bouquet of white orchids and showered with satin ribbons and stephanotis on white Bible.

For the traditional something old she wore an antique cloverleaf brooch encrusted with pearls and centered with a diamond. The groom's gift, a string of pearls, worn for something new.

Mrs. Mary Ann Eanes attended the bride as matron of honor and she wore a yellow silk organza over yellow taffeta, a ballerina frock. She wore a corsage of rose pink ranunculus.

Monte Angell was best man and John Todd Lawrence was usher. Both mothers of the bride and groom wore navy blue sheer crepe with navy accessories and white corsages.

Out of town guests attending the wedding were, Mrs. Lalla Smith, Mrs. Faye Johnson and Mrs. Bess Depuy of Marlin, Mrs. Haywood Hill of Houston, Mrs. W. H. Fletcher, Mrs. Rose Curlee, Mrs. T. H. McCawley and Mr. and Mrs. E. J. Fletcher of Rockdale.

An informal reception was held following the wedding. In the dining room of the Lawrence home a table covered with lace, was centered with an arrangement of red roses. The three tiered wedding cake rested on a reflector encircled with net and red rosebuds, a bouquet of flowers topped the cake. Nancy Jane Lawrence cut the cake and Margaret Angell served sherbert punch. Salted nuts and colored mints were also offered.

Miss Becky Gohmert presided at the brides book.

For traveling Mrs. Fletcher chose a beige wool gabardine suit with black accessories and a small pink straw hat. She wore an orchid corsage. Following a wedding trip to West Texas and Carlsbad Cavern the couple will be at home at the Posey apartment, 302 N. Central Ave.

The bride is a member of the Senior Class at Yoe High School and will continue her course to be a member of the June graduation class.

The groom is employed by the Steve Salach Music Co.

### The Hearne Family Enjoys Easter Reunion Here Easter Sunday

A family reunion of the family of Mr. and Mrs. M. A. Hearne was enjoyed Easter Sunday at the Hearne home.

The occasion being the first time the children had been together in sixteen years. They were Mr. and Mrs. J. R. Hearne and daughter, Evelyn Raye of Houston, Mr. and Mrs. I. M. Baker and daughter, Jane of Houston, Mr. and Mrs. Martin Hearne of Ozona and Jack Hearne of Houston recently of Yreka, California.

A delicious dinner was served at the noon hour. The occasion was also the birthday of Mrs. Hearne.

Mrs. Arthur Longmire is a medical patient in Newton Memorial Hospital.

When he asks for our daughters nand, we are going to urge him to take the one that is always in our pocket.

### Easter Annual Affair Observed At Home Of Mrs. Guy Slocomb

On Easter Sunday afternoon Mrs. Guy Slocomb opened her lovely country home and grounds, to the members of the First Christian church and their friends for the 30th annual Easter party at her home.

The main feature of the party was an easter egg hunt for the children, with Cameras being snapped everywhere by proud parents.

The age groups widely vary at this wonderful informal party each year. The youngest this year being four months old, April Evard, and the oldest, a grandmother of seventy-two years.

At the close of the party the hostess served delicious fruit punch and home baked cookies and donuts to approximately 80 guests.

Assisting Mrs. Slocomb with serving were Mrs. O. D. Lewis, Jr., Mrs. Bennie Archer and Mrs. Evelyn Hearne.

A lovely time was had by everyone. For these annual Easter parties, and countless other reasons, Mrs. Slocomb is one of the most beloved members of the Christian Church.

### Mrs. Lesikar Hostess To 42 Leisure Club

Mrs. Vince Lesikar was hostess to the 42 Leisure Club at her home recently.

Mrs. DeWitt of Burlington, Mrs. Frank Polansky and Miss Olga Marek of Cameron were guests.

In several games of 42, Mrs. DeWitt won high score for the visitors and Mrs. L. F. Slama high for the members. The \$4 prize went to Mrs. Leo Laake and table cuts were drawn by Mrs. Bill Balhorn, Mrs. Leo Fuchs and Mrs. L. F. Slama.

The hostess served a delicious salad plate with dessert and drink.

### Boy Bitten By Dog; Condition Satisfactory

Bo Kennon, son of Mr. and Mrs. Ben Kennon is in the St. Edward Hospital as a result of being bitten by a dog early Wednesday morning.

Bo was on his way to school and stopped to play with some rabbits near the home of Vaughn Jenness when the dog attacked him. He was bitten on both arms and on the left hip with a number of severe gashes and will have to remain in the hospital for a few days.

His condition is reported to be satisfactory according to Dr. T. E. Crump, attending physician; and is responding to treatment nicely. He with his friends and back in school will soon be able to be out again.

### CARD OF THANKS

We take this means of expressing our sincere appreciation to all our neighbors and friends for the many deeds of kindness shown us at the death of our loved one, John Svetlik, Sr. Especially do we wish to thank the SPJST Hall, Rev. Beseada, of the Czech-Moravian church at Buckholts and all the ladies who brought food. To those who sent flowers, expressed words of condolence or helped in any way we are truly grateful.

## U. S. Troops Take Two Enemy Towns

TOKYO, Thursday, April 5— Elements of seven or more United Nations divisions, led personally by their General, stabbed deep into North Korea yesterday toward a massive enemy buildup, and delayed front dispatches reported American troops captured two North Korean towns.

At least three American divisions, one South Korean division and units of the British Commonwealth brigade attached to a U. S. division crossed the 38th Parallel at many points along a 40 to 50 mile front in central Korea against heavy enemy resistance. Two more ROK divisions were 15 miles above the Parallel on the east coast.

American tank and infantry teams yesterday captured Yongpyong, north of the Parallel, and Yonggong, north and about eight miles east of Yongpyong. Both towns are in the main crossing area northeast of Seoul where the Allies now firmly hold a 17-mile wedge aimed at the heart of an enemy buildup area.

Other crossings were to the west directly above Seoul.

Gen. Douglas MacArthur's communique said the Allied "operations are proceeding as planned." Both his and the Eighth Army communique reported increasing resistance as the Allies hit the Communists buildup area.

Infantry filing into Yongpyong were perspiring freely under a beaming Spring sun. They had shed most of their Winter gear and it was slung over their shoulders or tied hobo pack type to their rifles.

The doughfeet were dog tired, dirty and unshaven. They were in good spirits, although they were meeting the stiffest opposition in days.

Artillery was so heavily concentrated that Reds who tried a counterattack on the western front were shot to pieces before one enemy reached the Allied positions.

"That's fire power for you—that's the stuff we want," an Allied officer said.

Gen. Mathew Ridgway went with his men into Red Korea at the center north of Chunchon.

By nightfall, the American forces had crossed the river in amphibious craft and stormed up hills to the north in the face of heavy enemy fire. Then the Reds withdrew.

"Fear ye not..."  
a message of faith to men of good will

NOW, in the glorious time of Easter, and the triumphal celebration of the Passover, we are once again reminded of the basic things for which we are working . . . The right to a faith which gives to life rich meaning and value. The freedom to work for personal goals rather than in the service of a slave state. A fear-free childhood for our children and for all the small, loving, trusting members of generations to come.

Today there are men in the world who would destroy these things. Our enemies have already denied themselves freedom of any kind; even freedom of thought has ceased to exist in the nation of automatons which now seeks to enslave the world.

But free men of faith have one weapon which cannot be touched by any enemy, regardless of his martial strength—faith in God and in His power. So, strengthened in our faith and in our determination that good shall triumph, let us work, each in his own best way, to safeguard the brotherhood of man and to assure that there will, indeed, come a time of peace on earth to men of good will.

Then let us turn our everyday activities toward serving this purpose. Let us work for freedom by making wise use of our personal prosperity to assure a secure future for our loved ones and for our country . . . One of the best ways to do this is by the regular purchase of United States Defense Bonds.

## United States Troops Cross 38th Parallel Into North Korean

(From the Daily)

TOKYO, Saturday, March 31—An American tank column crossed the 38th Parallel into Communist North Korea today just eight miles from the point where the Chinese Reds broke through Allied lines three months ago.

The Americans tanks crossed the parallel at 10:21 a. m. on the main road north of Uijogbu and directly north of Seoul.

The crossing was the first by American troops since the United Nations armies rolled back across the border in December, although South Korean forces on the east coast already hold a strip of North Korean territory extending eight miles north of the parallel.

The crossing came after Allied planes had struck at enemy troops and equipment moving up to the front in the greatest night air offensive of the war. Allied commanders said the unusually heavy Communist road traffic might be preparations for a big Red Spring offensive.

## April 30 Deadline For Filing Charts

"OPS Guide to Ceiling Price Regulation 7," prepared by the Office of Price Stabilization in Washington, is being distributed to chambers of commerce throughout the 39 Southeast Texas counties comprising the Houston OPS District.

The guide is designed as a primer, especially for small merchants, to promote understanding of Regulation 7 issued February 27, Fred C. Hopkins, price executive of the Houston OPS District.

The guides are available at the local Cameron Chamber of Commerce. Commodities affected by the regulation include all items commonly sold in men's and women's apparel and shoe stores, most items sold in furniture and floor covering stores and more than 75 per cent of the items carried by the department stores.

Because of the limited supply of the guides, present distribution is being limited to chambers of commerce, Mr. Hopkins said. He urged merchants and business men to contact their local chambers of commerce for copies of the guide.

The deadline for filing pricing charts by retailers covered by Regulation 7 is April 30, Mr. Hopkins reminded. Retailers may begin to price under their charts just as soon as a copy of the chart is filed with the Houston district OPS, 517 LaBranch, and acknowledgement received back, he said.

April 30 is the deadline for retailers to file reports with their charts showing margins which they had during the base period, July 1, 1949 to June 30, 1950.

On and after July 1, 1951, all commodities covered by Regulation 7 must be marked or tagged with the selling price in a manner plainly visible to and understandable by customers, the OPS official explained.

All returns mailed from Cameron to the Office of Price Stabilization should be addressed to: OFFICE OF PRICE STABILIZATION, DISTRICT OFFICE, 517 LaBRANCH, HOUSTON, TEXAS.

Mrs. Don Slocumb of Galena Park is a medical patient in Newton Memorial Hospital. Mrs. Slocumb formerly lived in Cameron and has many friends here.

Mr. and Mrs. Gene Muse and daughter, Eleanor Sue of Edinburg visited friends in Cameron Saturday. They also visited in Corpus Christi before returning home. Mrs. Muse has been in King Daughters Hospital in Temple for treatment and is much improved.

## Training Starts For County Is Lagging; Air Reservists

The Voluntary Air Reserve Training program is well under way with Regular meetings being held each Friday evening at 7:30 P. M. in the Veterans Agricultural Building at Cameron.

Colonel O. G. Tumlinson is the Commanding Officer and a special invitation is given to all military reserve personnel, both active and inactive, who wish to attend and all Air Force personnel are urged to attend. The attendance at these meetings, or enlistments in the Training Squadron in no way effects the involuntary recall possibilities of any member of the Reserve, but is very beneficial to the Reservists who desires to "keep-up" with current trends and thinking of our military establishment. The Reservists also earns points for attendance, which points are counted toward Retirement benefits and also toward promotion of Reservists.

On Friday night March 30th, the training program will be led by Captain Bob Wells, who will discuss Instruments of National Policy. All Reservists are urged to attend.

**H**AVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

## Seldom Are The Good Things Told About The Red Cross

### Cameron Woman Tells What Red Cross Has Done For Local Family

Mrs. J. L. Adams of Cameron says the Red Cross is a wonderful thing and wishes to tell citizens of Cameron what the Red Cross has done for a neighbor in need.

She did not wish to tell the name of the woman who is now dead.

Mrs. Adams said that a few years ago her neighbor took very ill and became helpless and her husband unable to care for her. The neighbors did all they could for her. The Red Cross came in and brought sheets, towels, gowns and many other things needed in the home. The Red Cross supplied a nurse who came to the aged peoples home and cared for the woman who had become an invalid. She told of many kindnesses the Red Cross had gone out to do for the aged couple who were in need.

### Bill To Put McLennan In Nine-County District Okehed

AUSTIN, A Congressional redistricting bill placing McLennan in a nine County district of 335,767 population was approved 11 to 2 by the House Redistricting Committee late Wednesday. The plan would give Harris County Texas' new 22nd Congressional seat.

The plan, proposed by Representative Paul Wilson, would include in District 66 Lampassas, Coryell, McLennan, Limestone, Bell, Falls, Milam, Robertson and Leon Counties.

## Two Houston Men Charged With Theft

Charges were filed in justice court here Monday against two Houston men for cow theft. The case is pending action of the grand jury.

Henry Saage and Orian Prewitt were picked up by two Deputy Sheriffs from Houston at their home. The officers had evidence which led to questioning of the men, who admitted the theft of cows in a number of counties and selling them in San Antonio and other towns.

They admitted taking a cow in early November of last year, belonging to Bill Clark of Cameron. The cow was staked near the highway and the men took her during the night. Both men were brought to Cameron where charges were filed and then taken to San Antonio for further questioning.

## Telephone Co. To Hold Open House

Cameron people will have an opportunity to see their telephone system in action next Wednesday and Thursday, April 11 and 12. The telephone company is holding open house on those days and inviting everyone in Cameron to visit the central offices at 112½ North Houston, according to C. L. Carson, local manager of the Southwestern Bell Telephone Company.

Visiting hours at the building will be from 1 to 4 p. m. and from 7 to 9 p. m. on both days.

"We are asking everyone in the city to come to see the telephone system in operation," the manager said. "We believe they will enjoy it, and we will enjoy having them. In preparation for the program we have brought several interesting special exhibits to Cameron for the open house."

Local operators and telephone men will be on hand to explain to the visitors the workings of the equipment in the building, according to Carson. Visitors will see the intricate telephone equipment, they will see the machines that ring every telephone in town, the big batteries that furnish current to carry conversations over the wires, and operators at the switchboard connecting calls to distant cities.

Special exhibits will include a machine that records a person's voice and repeats it back to him, apparatus that enables a person to see his own voice, and also there will be a demonstration of cable splicing.

A special preview of the open house for telephone employees and their families will be held at the central office on Tuesday night, April 10.

## "To My Best Friend"

This will probably be the hardest thing to write in my life. My name is Buffalo and I am thirteen years old. Saturday death touched by heart for the first time in my life. I lost one of my best friends, he was more to me than a friend, he was my pal. I am sure you know who I mean, Mr. J. B. White.

When I was three years old I wanted a BB Gun and my folks wouldn't give me one so I told Mr. White how much I would like to own a BB Gun and he bought one for me. Daddy took the gun away from me because I shot my oldest sister in the back and tore it up, but a couple of years later, Mr. White gave me another one, this one I kept.

Some of you might remember when I was so sick and the doctors didn't believe I would live, well Mr. White was one who stood by me during my sickness. He gave me my first flashlight, doctors set and baseball glove.

Today I realize that I could never thank Mr. and Mrs. White for all the nice things that they have done for me, although I do hope that it's not too late to show how much I loved Mr. White and his family.

## Notify Local Boards Registrants Must

A registrant is responsible for furnishing the local board with the facts and evidence necessary to establish any claim he may make concerning his classification. A registrant engaged in farming, or his employer, may obtain factual data pertaining to the production of agricultural commodities on the farm on which the registrant is employed from the Chairman of the County Agricultural Mobilization Committee from one of the organizations represented there on. In Milam County that would be the Production Marketing Administration, the County Agent and the Texas Employment Commission.

When a registrant is engaged in agriculture outside the county in which his local board is located, he may be advised to contact the Chairman of the County Agricultural Mobilization Committee of the County he is employed for the purpose of obtaining any agricultural data which his local board of jurisdiction may require for classification purposes.

Farm registrants must be employed in the production for market of a substantial quantity of these agricultural commodities which are necessary to the maintenance of the national health, safety, or interest when the following conditions exist:

1. The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity;
2. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and
3. The removal of the registrant would cause a material loss of effectiveness in such activity.

### IMPORTANT BILLS—

(Continued From Page One)  
for injury or death to two or more persons, and \$5,000 for property damage.

A proposed constitutional amendment has been submitted to the House which would prohibit a state income tax or general sales tax. Another amendment would permit counties to set up workman's compensation plans.

Election laws are being studied by the House from the perspective of preventing election frauds and malfeasance in the conduct of election. The bill would rest in the Attorney General's Power to investigate election frauds where local officials fail. The bill permits grand juries investigating irregularities to go into ballot boxes under the direction of District Court.

The majority of the representatives in the present legislature are beginning to realize that people want action beneficial to all sections of the state and not for just a few special areas. This would be more in the trend of democracy and not of the "isms."

There has been a broad awakening of the people in the realization of what is going on at the legislatures, both nationally and state headquarters and this concerns the importance of contacting the representatives to let them know the voters viewpoints on the various bills that come up before the legislature.

## Stolen Car Is Recovered Here

A 1949 Chevrolet belonging to Joe Anderson was stolen from the Right Hotel around 9:00 o'clock Thursday night. Mr. Anderson saw the man drive away and attempted to stop him.

Sheriff Carl Black was notified and after attempts had failed to locate the automobile a broadcast was made on the radio.

The car was found sometime later in an alley behind the Mondrik Grocery in Santa Fe Town.

Mr. Anderson is owner of the Anderson Motor Co., here. The car was undamaged.

## Edmonds Home Burned Family Needs Help

The home of Mrs. H. P. Edmonds in the Marlow Community was completely destroyed by fire around 9:30 Tuesday morning, April 3.

Mrs. Edmonds had lived in the Marlow Community for several years and Mr. and Mrs. Johnnie Houston and children were living in the Edmonds home at the time of the fire. Mrs. Houston is the daughter of Mrs. Edmonds.

All of the household furnishings were lost in the blaze. Friends and neighbors were unable to save anything. It was reported that the fire caught in the roof and quickly spread to other parts of the house.

The Cameron Volunteer Fire Department was summoned but the house was in complete flames upon arrival of the firemen.

Mrs. Houston and a small son were the only members of the family at the home at the time of the fire. She has two other small sons who were at the Marlow School. Mrs. Edmonds and Mr. Houston were in the field

working near the home but did not notice the fire until the home was almost destroyed.

A number of donations have been received by the family and those desiring to make donations may either see Sheriff Carl Black or Mrs. Johnnie Baker. They are in desperate need of clothing of all kinds, furniture and household fixtures of any kind. In such time of need no doubt a large number of people will want to contribute to this family who have been so unfortunate in losing their home. Any kind of help will be appreciated by the family and they wish to express their thanks for the things friends have already given them.

E. H. Walston of the Marlow Community has offered the family place to live until arrangements can be made to locate a house for the family.

Members of the Marlow Baptist Church, friends and neighbors of the family are planning a shower for them in the near future.

## Hail Hammers Rosebud Area

ROSEBUD, April 2—Hail played Havoc with feed crops in this area late Sunday, and several barns and a rent house were reported demolished by high winds which accompanied the hail.

The storm apparently struck first in the Barclay community, nine miles west of Rosebud, then moved through Burlington to the Briary community which is 10 miles southeast of here.

Joe Smiley of the Briary community reported 150 acres of Sudan grass was flattened by the hail stones. Charley Brown, also of Briary, said a rent house that belonged to him was blown over and Herbert Michaelwitz and A. Klaus, both of the Hamilton community, said they lost a barn in the storm.

A small amount of hail was reported in Rosebud.

## Pecan School To Be Held Here Monday

An all day pecan school, conducted by Specialists from the Extension Service at A & M College, working in cooperation with the Crops Committee of the Cameron Chamber of Commerce, will be held in Cameron Monday April 9.

## To Our Veterinarians!

It has oft been said that a dog is man's best friend. If you love the faithfulness, loyalty and companionship of these happy tail wagers, you will agree. If you know the importance of keeping your dog in perfect health, you will be equally as appreciative of the services and council of your Veterinarian. These men live in a wonderful world of four footed activity. Pooches, Pomeranians, Pedigreed blue-bloods. Or just plain mongrels who, oftentimes, are smarter than their fancy competitors. No matter what your dog's lineage is, the kindly, understanding "Vet" (who treats Kittens, Pigs and Percherons, too!) will keep them in sleek, contented condition. Give YOUR animals the care they deserve!

We Salute Our Town!
